## 2022 NPSO iNaturalist Identifiers Workshop

Focusing on: Becoming an iNaturalist Identifier ~ Why identifiers are important  
NO experience needed

As an NPSO member or outdoor enthusiast you know what a plant is. That is the basic information you need to assist with identifying and validating posted iNaturalist observations around Oregon. Your skills help with our state's flora inventory and can spread the word about Oregon Flora web site resources. This workshop will guide you to set up an iNaturalist account if you don't have one and provide some simple directions to make a huge difference in the accuracy of plant observations posted on iNaturalist.

#### Workshop Details:

**Date:** Saturday, April 2, 2022

**Time:** 1:00 pm - 3:00 pm Pacific Time (US and Canada)

**Presenters:** Tom Wainwright, James Mickley, Barbara Wilson, and Gail Baker. All presenters are NPSO members and active, longtime iNaturalist users.

**Platform:** Zoom

Register in advance for this meeting:

[https://oregonstate.zoom.us/meeting/register/tJMkf-qtqjsuEt2h6\\_lC2KwrBkfLEg7ymxHr](https://oregonstate.zoom.us/meeting/register/tJMkf-qtqjsuEt2h6_lC2KwrBkfLEg7ymxHr)

After registering, you will receive a confirmation email containing information about joining the meeting.

---

## High Desert Chapter Needs Volunteers

Sagebrush buttercup (*Ranunculus glaberrimus*) at Chimney Rock Trail near the Crooked River.

Photo by Cindy Roché

Spring is arriving in central Oregon and it is time to start planning activities for the High Desert Chapter. I recently sent out a call for volunteers to High Desert Chapter members, but I fear that our Mailchimp missive wound up in some recipients' spam folder and was not seen. (Even the copy sent to our chapter email went to the spam folder!) The Chapter will be holding an election for officers in March. Chapter members- watch for a

notice in your inbox (and don't forget to check your spam folder).

In addition to elected officers, we need volunteers to assist with specific projects: leading field trips, monitoring the Facebook page, preparing the newsletter, finding speakers, and coordinating special projects.

Help us keep the High Desert Chapter alive and strong. To volunteer, please send an email to [highdesertnpso@gmail.com](mailto:highdesertnpso@gmail.com). -Cindy Roché, Treasurer, High Desert Chapter

---

## Oregon Mystery Plant

### Last month's mystery plant revealed:

Many thanks to Dave Dobak, who correctly identified last month's mystery plant as *Veronica (Syrinthis, Besseyia) rubra* in the family Plantaginaceae, commonly known as red kittentails.

For the many of us who know this plant as *Besseyia rubra*, Dave shared the following: “*Besseyia* was named in honor of Charles Bessey, noted for his early work on plant evolution, and originator of the “Besseyan dicta” a general set of principles that indicates more advanced or more primitive evolutionary stages.” More information on Charles Bessey can be found at:

<https://www.huntbotanical.org/admin/uploads/10hibd-huntia-9-2-pp179-214.pdf>

## New Mystery Plant Do you recognize this plant?

Photo by Faye Streier.

This month's mystery plant was photographed by Faye Streier in February 2022 near Chimney Rock along the Crooked River near Prineville, OR. It was found in a gravelly substrate within rocky sagebrush steppe with western juniper.

**Do you have an Oregon Mystery Plant to share?**

Send it to the editor: [bulletin@npsoregon.org](mailto:bulletin@npsoregon.org)

---

## Native Plant Appreciation Week Blossoms to a Month!!!

The NPSO State Board has decided to follow what appears to be a national trend and expand Native Plant Appreciation to a month. (Well, we know we appreciate native plants all year long...) Our inaugural Native Plant Appreciation Month will be April 2022, so mark your calendars now. April was selected because it is early in the wildflower season, so it is a good time to prepare for the native plant bounty of Oregon. A month-long celebration will give chapters lots of time to do hikes, talks, plant sales, etc., and it's not too early to start planning your chapter's activities now. - *Judi Sanders*

OregonFlora is developing a comprehensive resource about the plants of Oregon for nature enthusiasts, restorationists, land managers, scientists, and gardeners of all ages and levels of interest. The information within the three-volume *Flora of Oregon* books and the extensive database used to organize the information forms the foundation for our website, [oregonflora.org](http://oregonflora.org) and Oregon Wildflowers mobile app. These digital resources bring the beauty and diversity of Oregon's plant life to the public with thousands of photographs, interactive maps and intuitive identification tools.

Your financial support allows us to keep providing free access of digital information to the public. Our program relies on competitive grants and donations from individuals and groups to fund all of OregonFlora's direct operating expenses. The contributions people give of their time and financial resources are a critical part of our budget. If you would like to be a part of the team that keeps OregonFlora progressing, please contact us at [ofpflora@oregonflora.org](mailto:ofpflora@oregonflora.org).

Contributions can be made online [OregonFlora Donate](#) or mailed directly to: Agricultural Research Foundation, 1600 SW Western Blvd. Ste. 320, Corvallis, OR 97333. Please make checks payable to the Agricultural Research Foundation and include "OFP" on the memo line.- *Linda Hardison*

---

## NPSO Grant Proposals Requested

NPSO will continue to sponsor small field research grants. The objectives of the program are:

- To stimulate basic field research into the biology and distribution of Oregon's native and naturalized flora and vegetation, particularly in the more remote areas of the state.
- To promote native plant conservation through better understanding of Oregon's flora and vegetation and the factors affecting their survival.

Research proposals are due by March 15th, 2022 (a two-week extension this year). The guidelines are available online at: [www.npsoregon.org/grants.html](http://www.npsoregon.org/grants.html). For a paper copy of the program policy and guidelines, contact:

Dan Luoma  
Field Research Grants Committee Chair  
5 NW Edgewood Dr.  
Corvallis, OR 97330

---

# Washington Native Plant Society Conservation, Education, and Research Grants Available

The Washington Native Plant Society (WNPS) Conservation Committee is accepting grant application for projects that will restore, improve, or support on-the-ground, functioning native plant ecosystems in the State of Washington. Successful projects must provide public benefit and must align with WNPS Conservation principles. Applications will be evaluated for the quantity and quality of ecological benefit to be gained and the likelihood of project long-term success. Grant applications will be accepted until midnight March 1, 2022.

The WNPS Research and Education Committees are also accepting grant applications until midnight March 1, 2022. For application information and contacts for each of these grant programs, see:

<https://www.wnps.org/conservation-grants>

<https://www.wnps.org/education-grants>

<https://www.wnps.org/research>

*-Becky Chaney, WNPS Conservation Committee Chair*

---

## Wanted: Volunteers for the *Bulletin*

Western boneset (*Ageratina occidentalis*) with pollinators, Spanish Peak, Ochoco Mountains, 2021, photo by James Kangas.

NPSO is seeking contributions from members, such as a short essay on your research or report of a field trip. Your contribution could be a short entry for a plant of the month or mystery plant, a photo of a plant to feature as the *Bulletin* cover photo, a description of a new book you've discovered, or another subject related to Oregon's flora. Submissions must be your own work, not something copied from the internet. Photos must be your own or ones you have obtained permission to use. Please consider sharing your knowledge with other members by contributing to NPSO's monthly *Bulletin*! Send contributions to the editor: [bulletin@npsoregon.org](mailto:bulletin@npsoregon.org)

---

## NPSO Board Seeks Candidates

Please consider taking the opportunity to serve the NPSO by running for election to one of the state-wide officer or at-large board of directors positions. Officer positions include President, Vice-President, Secretary, and Treasurer who serve one-year terms. Three Directors at-large are elected annually and serve two-year terms. If you, or someone you know, is interested, please send your questions or information about potential candidates to Dan Luoma by email ([daniel.luoma@oregonstate.edu](mailto:daniel.luoma@oregonstate.edu)) for more information.

## Willamette Valley Chapter Scholarships Available to Oregon Students

Marvel Luzell, previous scholarship winner. Marvel graduated from Oregon State University last year with a degree in Botany.

Photo by Taylor Barron.

The Willamette Valley Chapter is offering \$1,000 scholarships for sophomores, juniors, and seniors enrolled at an Oregon college and university for the 2022-2023 school year and who are majoring in one of the following fields of study:

- botany;
- horticulture with a focus on native plants;
- any biological, environmental, or natural resource science with a botany emphasis or;
- any biological, environmental, or natural resource science combined with a demonstrated intent to pursue studies or a career in a plant-based field focused on or related to native plants (e.g. ecology, systematics, sustainable natural resource management, landscape architecture, conservation biology).

Half-time students are eligible.

A limited number of qualified applicants will be selected to receive \$1,000 from either the Augusta Rockafellar Memorial Scholarship Fund or the Jean Davis Memorial Scholarship fund. Applications will be accepted by mail or electronically until **June 1, 2022**.

Applicants are required to submit:

- Name, address, email address, phone number, college/university name, and college/university address;
- A statement of academic and career intent, with a discussion of relevant coursework, extracurricular activities, and interests. Student's statement should show a demonstrated interest in native plants and the intent to pursue studies or careers related to native plants;
- One letter of reference from a person able to judge the student's ability to successfully complete study in the student's area of major study.
- Full collegiate academic record (transcript).

Applicants can send completed applications and documents by mail to

John Savage  
Jean Davis and Augusta Rockafellar Scholarship Funds  
413 Belmont Street NE  
Salem, OR 97301

Or applicants can send completed applications and documents by email to:

[wvnps@gmail.com](mailto:wvnps@gmail.com).

For any questions about the scholarship, contact John Savage at 503-779-5414 or at [wvnps@gmail.com](mailto:wvnps@gmail.com).

---

## 2022 Washington Botanical Symposium

University of Washington Botanic Gardens and the University of Washington Herbarium at the Burke Museum (Seattle, Washington, USA) are pleased to announce the 2022 Washington Botanical Symposium. This program will be presented online as a Zoom webinar on:

**Wednesday, March 2, 2022**

**9:00 am - 3:30pm (PST)**

**Co-hosted by University of Washington Botanic Gardens and the University of Washington Herbarium, Burke Museum**

Program information available at:

<https://botanicgardens.uw.edu/education/adults/conferences-symposia/wa-botanical-symposium/>

or Facebook event page:

<https://www.facebook.com/events/2359754990849366/>

Scholarships are available for students, service corps members, or anyone with need.

An extensive network of professional, academic, and amateur botanists are actively engaged in the conservation, management, and study of Washington's diverse flora. Their expertise ranges from how best to manage biodiversity, to understanding climate change impacts on plant communities, to naming and classifying the flora's rare, common, and invasive elements. Invited speakers and poster presentations will share new insights and discoveries about these topics and more. Participants from throughout Washington and adjacent areas will have the opportunity to exchange ideas with colleagues within and across disciplines.

Attendees are invited to present research posters and make announcements about related news and opportunities on the symposium website. Contributions may include video, text, and/or images.

Sponsor: Washington Native Plant Society

Supporters: King County Noxious Weed Program; Parametrix; The Watershed Company; Washington State Department of Natural Resources, Natural Heritage Program

Friends: AECOM, Washington State Noxious Weed Control Board

*-Jessica Farmer, Adult Education Supervisor, University of Washington Botanic Gardens*

---

## Chapter Notes

### Cheahmill

For questions, or to be added to the Cheahmill Chapter's email list for reminders of upcoming programs and events, please contact the Cheahmill Chapter President, Lisa Blackburn, at [blackburnlisag@gmail.com](mailto:blackburnlisag@gmail.com).

Check out our Facebook page at <https://www.facebook.com/NPSO.Cheahmill/>.

### Corvallis

For questions, information on upcoming events, or to be on the Corvallis Chapter email list, contact [co\\_president@NPSOregon.org](mailto:co_president@NPSOregon.org). Find us on Facebook at [facebook.com/CorvallisNPSO](https://www.facebook.com/CorvallisNPSO).

**Saturday, March 12th, 1:00 pm - 3:00 pm**

**Event: Work Party at the Avery Native Plant Garden**

Late winter clean-up at the Avery Native Plant Garden at Avery House, Avery Park,

Corvallis. Contact Esther for more information at 541-990-0948 or [estherco@peak.org](mailto:estherco@peak.org).

**Monday, March 14th, 7:30 pm - 8:30 pm**

**Zoom presentation: Alders of the Willamette Valley - A story of three species and how they get around.**

**Speaker: George Kral**

Pre-registration is required for this meeting. If you would like to join the meeting please send an email to [daniel.luoma@oregonstate.edu](mailto:daniel.luoma@oregonstate.edu) and include your Zoom name. We will be using the “waiting room” feature for enhanced security. You will receive an invitation to the meeting about one hour ahead of time. Unfortunately, requests for invitations after that point may be missed.

## **Emerald**

Visit the Emerald Chapter website at <http://emerald.npsoregon.org> to learn more about the latest chapter events, plant lists, and botanical information about Lane County plants and the people who love them. Our Facebook page is <https://www.facebook.com/emerald.npso/>.

**Saturday, March 19th, 1:00 pm - 3:00 pm**

**Field Trip: Buford Park East Trailhead Ramble**

Rambles are leaderless walks where participants identify and share their knowledge of plants they encounter as a group. All levels of experience are welcome. All we ask is that you are interested in plants! We'll walk on the gravel access road past the wet prairie, and then bear left on Trail 3 across the lower edge of Meadowlark Prairie. We won't go further than Buckbrush Canyon, about a mile-and-a-half in. There should be an abundance of early wildflowers. To sign up click [here](#).

**Monday, March 21st, 7:00 pm - 9:00 pm**

**Program: The Oregon Dunes, a Vanishing Landscape**

**Presenter: Dina Pavlis**

Oregon is home to the world's tallest coastal dunes, with some reaching as high as 500 feet above sea level and spanning 180 feet in length! About 45% of Oregon's coastline consists of coastal dunes that are home to many delightful native plants and animals. The Oregon dunes ecosystem relies on sand movement to survive; it is assaulted almost daily by strong coastal winds, resulting in the creation of stunning formations that move and change. Unfortunately, Oregon's coastal sand dunes have been rapidly disappearing over the last 100 years beneath a blanket of plants. Scientists estimate that we are losing one to five feet of open sand per year. What has changed and can Oregon's coastal dunes be saved? A Zoom link will be sent to members and posted on the NPSO Emerald Chapter web site closer to the date of the program.

**Saturday, March 26th, 1:00 pm - 2:00 pm**

**Field Trip: Museum of Natural and Cultural History Native Plant Garden**

The property surrounding this museum, on the University of Oregon campus, bears an

excellent native plant garden that is little known to the community. In this leaderless walk, participants will consult and improve a draft plant list and discuss ethnobotanical uses of these plants, so that the museum may prepare to offer interpretive walks for the public. Emerald Chapter members will be invited to lead some of these walks in partnership with the museum. Limited free parking is in a designated lot located just west of the mammoths on East 15th Avenue, and metered parking is available on the street. The address is 1680 East 15th Avenue on the University of Oregon campus in Eugene. To sign up, please register [here](#).

## **High Desert**

For information, visit the High Desert Chapter website: [www.highdesertnpsoregon.org](http://www.highdesertnpsoregon.org) and Facebook page: [Native Plant Society of Oregon: High Desert Chapter](#), or email [highdesertnps@gmail.com](mailto:highdesertnps@gmail.com).

## **Klamath Basin**

For information on the Klamath Basin Chapter, contact [kb\\_president@npsoregon.org](mailto:kb_president@npsoregon.org), visit our website: <http://klamathbasinnps.com>, or find us on Facebook: [\(13\) Klamath Basin Chapter - Native Plant Society of Oregon | Facebook](#).

## **Mid-Columbia (currently inactive)**

For information on the Mid-Columbia Chapter, contact [mc\\_president@NPSOregon.org](mailto:mc_president@NPSOregon.org).

## **Portland**

Our members receive *The Calochortus*, our quarterly e-newsletter with field trips, programs, news, and events for the Portland area. If you are a Portland Chapter member and not receiving it, check your spam folder or notify us at [npsopdxchapter@gmail.com](mailto:npsopdxchapter@gmail.com) if your email address has changed. You'll also find our monthly programs and additional field trips posted on our Meetup page at <https://www.meetup.com/NPSO-Portland/>. Our Facebook page is regularly updated with current wildflower bloom status and photos at: <https://www.facebook.com/npsportland/>. Visit our chapter website at <https://portlandnativeplants.org/> for archived newsletters, program recordings, and merchandise in our Shop.

**Our monthly programs are now virtual.** Members will find links to register for our second Thursday Zoom presentations in each issue of the *state Bulletin* and in *The Calochortus*.

**Thursday March 10th, 7:00 pm - 8:30 pm**

**Program: Native Habitat Restoration for Pollinators**

**Presenter: Mace Vaughn, Pollinator Program Co-Director for Xerces Society**

Native bees, butterflies, and other pollinators continue to be in decline across the United States. To help reverse these trends, the Xerces Society collaborates with farmers, food companies, federal agencies, and homeowners to plan, design, and plant habitats with native wildflowers, shrubs, and trees. In this talk, Mace will provide an update on pollinator declines in the western U.S., key pollinator habitat elements that need to be addressed, and examples of native wildflower projects Xerces is helping to put on the

SAVE IT.

**Thursday April 14th, 7:00 pm - 9:00 pm**

**Program: Stalking Rare Plants of Hawaii and Oregon - Up Close and Personal**

**Presenter: Gerry Carr, Biologist/ Botanist/ Photographer**

Gerry's presentation will be a photographic journey across his thirty-year study of the iconic Hawaiian silversword and its highly diverse and lesser-known relatives. He'll then shift to his current quest to photograph the unique characteristics of as many of Oregon's native plants as possible.

Register in advance for this meeting:

[https://us06web.zoom.us/meeting/register/tZUrcu-vrz8uGtbXXwb2Td44XrIQxRTv\\_SWE](https://us06web.zoom.us/meeting/register/tZUrcu-vrz8uGtbXXwb2Td44XrIQxRTv_SWE)

After registering, you will receive a confirmation email with a link to join the meeting.

SAVE IT.

**Thursday, April 21st, 7:00 pm - 8:00 pm**

**Zoom Workshop: Introduction to Plant Families**

**Presenter: Gina Bono, Botanist / Portland Chapter Member**

Did you know there is no such thing as the "yellow flower" plant family? Although many field guides are organized this way, there is actually a system based on key features that won't fade with the sun. Come and get a glimpse into some of the Pacific Northwest's most common native plant families, and how you can begin to recognize them for yourself. Then, take your new knowledge into the field with the many field trips being offered by experienced NPSO volunteers throughout the season. We will focus on flower and fruit structure, leaf patterns, and some basic biological classification. No prior plant knowledge necessary; all levels and abilities welcome.

Register in advance for this meeting:

[https://us06web.zoom.us/meeting/register/tZAlf--ppz8jHddpkyBeA-Z8gr-13\\_miGVAt](https://us06web.zoom.us/meeting/register/tZAlf--ppz8jHddpkyBeA-Z8gr-13_miGVAt)

After registering, you will receive a confirmation email with a link to join the meeting.

SAVE IT.

**Thursday, May 12th, 7:00 pm - 8:30 pm**

**Program: In Search of the Wild Rhododendron**

**Presenters: Dave Andersen and Andrew Stern**

Dave and Andrew have been exploring the Cascades of northern Oregon and southern Washington in search of wild Rhododendrons since 2017. They have developed a particular interest in how these plants fared in areas affected by wildfire and have documented in photo and on iNaturalist how other plants, wildlife, and insects exist in association with these Rhododendron species.

Register in advance for this meeting:

<https://us06web.zoom.us/meeting/register/tZ0of-ivpjlsGNkfpNUjuNtoJWWkThP9lQ5k>

After registering, you will receive a confirmation email with a link to join the meeting.

SAVE IT.

## Siskiyou

To join the Siskiyou Chapter email list: Send an email, from the address at which you want to receive announcements, to: [announce-join@siskiyou.npsoregon.org](mailto:announce-join@siskiyou.npsoregon.org). No subject or message is required. You will get a confirmation email. If you would like to volunteer to lead a hike, make a suggestion, or provide feedback regarding the field trip program, please contact Katelyn Detweiler, [detweiler.katelyn@gmail.com](mailto:detweiler.katelyn@gmail.com). Join us on Facebook at: <https://www.facebook.com/SiskiyouChapterNativePlantSocietyOfOregon>.

The Siskiyou Chapter has a YouTube channel; check it out at: <https://www.youtube.com/channel/UCXFI2J9yp2AYmUzNz0jLISw>.

**Thursday, March 17th, 7:00 pm - 8:00 pm**

**Zoom Program: Introduction to the Rare Plant Monitoring Network of Southern Oregon**

**Speaker: Sean Prive, Understory Initiative**

To register for this free zoom talk: [bit.ly/sisk-npso-talks](https://bit.ly/sisk-npso-talks).

**Thursday, March 24th**

**Meeting: Siskiyou Chapter Member Meeting**

Siskiyou Chapter Member Meetings (now separate from programs) are the fourth Thursday of the month in 2022. To register for the member meeting: [bit.ly/sisk-npso-checkin](https://bit.ly/sisk-npso-checkin).

**Thursday, April 21st, 7:00 pm - 8:00 pm**

**Zoom Program: Using iNaturalist**

**Speaker: Rachel Werling**

To register for this free zoom talk: [bit.ly/sisk-npso-talks](https://bit.ly/sisk-npso-talks)

## Umpqua Valley

Visit [umpquavalleynativeplants.com](http://umpquavalleynativeplants.com) for more information on chapter activities or to be added to our email list. Check out our Facebook page, [www.facebook.com/UmpquaValleyNPSO](https://www.facebook.com/UmpquaValleyNPSO). Not online? - call Donna Rawson at 541-643-0364.

## Willamette Valley

**Sunday, March 27th, 9:00 a.m. - 2:00 p.m.**

**Field Trip: McDowell Creek Falls**

**Leader: John Savage**

John Savage will lead a walk to view Oregon fetid adder's tongue (*Scoliopos hallii*) and other early-blooming wildflowers at McDowell Creek Falls near Sweet Home, Oregon. The 1.7-mile loop walk (with 200 feet elevation gain) features lovely waterfalls and forest. Bring water, lunch, snacks, appropriate foot gear, and clothing for wet and cold conditions. Registration is required. To register and for more information, please contact

John Savage at [wvnpso@gmail.com](mailto:wvnpso@gmail.com).

## **William Cusick**

Chapter notices and communications are done primarily through a Google group. For more information or to be added to the Google group, please contact Susan Geer at 541-963-0477 or [susanmgeer@gmail.com](mailto:susanmgeer@gmail.com). Find us on Instagram at [instagram.com/wm.cusick.chapter](https://www.instagram.com/wm.cusick.chapter). Our website is not currently functional.
